Through its national and regional members, the Coalition's aim is to provide bereavement and related resources to those who support grieving students nationwide.

Convened by the **National Center for School Crisis and Bereavement and New York Life Foundation** (achildgrief.com), the Coalition has created a set of industry-endorsed resources to empower school communities across America in the ongoing support of their grieving students.

GrievingStudents.org is a practitioner-oriented website providing practical, free information, handouts and reference materials.
